Opening a college savings account is a smart way to invest in the education of a family member, a friend or even yourself that often comes with tax benefits.

There are multiple ways to save for higher education, and what works best for you depends on your (or your loved one's) personal needs and life goals.

THE BASICS

A 529 plan is a state-sponsored program that allows parents, relatives and friends to invest in a child's (or any person's) K-12 and college education. Almost all states offer some type of 529 plan. However, you don't have to live in a particular state to take advantage of its plan.
